Meeting Minutes DRAFT

CONVENE AS BROOKINGS COUNTY BOARD OF ADJUSTMENT

2020VAR004

Application by Keith Drew for a variance. Article IV District Requirements: Chapter 4.03 "LP" Lake-Park District: Section 4.03.03. Density, Area and Yard Regulation (Minimum Lake Front). The property is described as: "Lot 53 DeBoer's Lake Tetonkaha West Subdivision in Govt Lots 1, 4, 5 and 6 in Section 7, T111N, R51W (Oakwood Township)" ~~ located at 77 Oakwood Shoreline Dr, Bruce, SD 57220.

(Kleinjan/Erickson) Motion to approve the Variance request.

STAFF REPORT: Applicant is requesting a variance to build an 8' x 28' addition onto the end of his existing lake cabin and a 10' x 38' attached deck. The outer support post of the proposed deck requires the variance, and is 43 feet from the highest known water mark, a variance of 32 feet. The existing 26' x 28' single story cabin is built into the side hill. Proposed is an addition of 8' x 28' onto the original footprint and would include the addition of second story over the new footprint area (34' x 28'). The property is located in the flood plain and will need to follow the flood plan building requirements. The DeBoer's Lake Tetonkaha West Subdivision was originally platted in 1984, and re-platted in June of 2003, when the original road was vacated and relocated. No objections or concerns were received by the zoning office.

PUBLIC HEARING: Applicant Keith Drew via phone informed those present he had nothing more to add to Haugen's report. Contractor Shawn Knapp via phone noted that the paperwork was being done to remove the property from the floodplain, the proposed addition would not obstruct views of adjoining property owners, and that when the flat roofed cabin was originally built years ago the owners always intended to one day add a second story addition onto the structure.

Proponents: Haugen read notes received from Hugh Randall and Jim and Susan Ryan that noted they had been informed of the additions and changes to be made and had no concerns or objections to the proposed additions or construction. Luke Muller asked for clarification regarding if the deck was a second story deck or if part of the proposed deck would be flush with the ground. Contractor Shawn Knapp noted the deck would be on the second story and at ground level a cement pad may be put in place.

Opponents: None.

DISCUSSION: Board members had no questions or comments regarding the request. Findings of Facts were reviewed and completed by the board and placed on file.

VOTE: Roll call vote: Kleinjan-aye, McHugh-aye, Vanderwal-aye, Erickson-aye, Diedrich-aye, Bartley-aye, Davis-aye, Nelson-aye, Ford-aye. **MOTION CARRIED.**

2020VAR005

Application by Michael J Robbins for THO F F Inc for a variance. Article 11.00: Section 11.01 "A" Agricultural District: Area Regulation # 2: Front Yard: The minimum depth of the front yard shall be one hundred (100) feet. A corner lot will have two front yards. The property is described as: "S 950' of E 950' of SE1/4 in Section 22, T111N, R49W (Afton Township)" ~~ located at 20593 476th Ave, White, SD 57276.

(Vanderwal/Bartley) Motion to approve the Variance request.

STAFF REPORT: Applicant is requesting a variance to build a 28' x 28' residential addition 104 feet from the center of 476th Ave, an Afton Township gravel road. Considerations or hardships were shape and size of the farm yard. The existing house was built in 1993 prior to current setback requirements. No objections or concern were received by the zoning office.

PUBLIC HEARING: Applicant Michael J Robbins informed those present he was the contractor and plans were for an addition that was 28 feet x 28 feet that would allow for needed space.

Proponents: None.

Opponents: None.

DISCUSSION: Board members had no questions or comments regarding the request. Findings of Facts were reviewed and completed by the board and placed on file.

VOTE: Roll call vote: Erickson-aye, Diedrich-aye, Bartley-aye, Davis-aye, Nelson-aye, Kleinjan-aye, McHugh-aye, Vanderwal-aye, Ford-aye. **MOTION CARRIED.**

2020VAR006

Application by Todd and Rachel Smidt for a variance. Article IV District Requirements: Chapter 4.03 "LP" Lake-Park District: Section 4.03.03. Density, Area and Yard Regulation (Minimum Lake Front). The property is described as: "Lot 35 of DeBoer's Lake Tetonkaha West Subdivision in Govt Lots 1,4,5 and 6 in Section 7, T111N, R51W (Oakwood Township)" ~~ located at 53 Oakwood Shoreline Dr, Bruce, SD 57220.

(Vanderwal/Kleinjan) Motion to approve the Variance request.

STAFF REPORT: Applicants are requesting a variance to build a 16' x 28' attached covered deck onto their existing residence. The applicants will be doing a cabin remodel that will include an attached garage and a second story addition above the current residence and will meet all setback requirements. The outer support posts of the proposed covered deck require the variance and will be farther away from the high water mark than the existing 14' x 20' attached deck, which is 22 feet from the high water mark. The north end post is 27 feet from the highest known water mark, a variance of 48 feet. The south end post is 34 feet from the highest know water mark, a variance of 41 feet. The property is located in the flood plain and will need to follow the flood plan building requirements. The DeBoer's Lake Tetonkaha West Subdivision was originally

platted in 1984, and re-platted in June of 2003, when the original road was vacated and relocated. No objections or concerns were received by the zoning office.

PUBLIC HEARING: Applicant Todd Smidt informed those present he was going through the process and paperwork to have the property removed from the floodplain. And noted the reason for the addition was to allow for extra room for family gatherings and enjoyment of the lake.

Proponents: None.

Opponents: None.

DISCUSSION: Bartley noted he appreciated the renderings and it looked like it would be a great addition to the current cabin. He also liked the covered deck option as it would allow for extended use of the space. Findings of Facts were reviewed and completed by the board and placed on file.

VOTE: Roll call vote: Diedrich-aye, Bartley-aye, Davis-aye, Nelson-aye, Kleinjan-aye, McHugh-aye, Vanderwal-aye, Erickson-aye, Ford-aye. **MOTION CARRIED.**

DEPARTMENT REPORTS

Hill noted he had nothing to add. Haugen told the board that at the next month's meeting there would be a proposed update of the by-laws to be voted on. This would include the current tele-conferencing used during the meetings and a few other things to bring the by-laws up to date. He also announced that tentatively the Joint meetings (work sessions) with the City would resume at the next months meeting (July 7, 2020). Bartley asked Luke Muller to identify the portions of the Joint Jurisdiction Ordinance that would be reviewed at the Joint work session meeting. Muller identified there would be a recap of the wellhead area and then discussion of the area south of town (Brookings) and the potential for small lot development.

ADJOURN

(Vanderwal/Erickson) Motion to adjourn. VOTE: Roll call vote: Bartley-aye, McHugh-aye, Davis-aye, Nelson-aye, Kleinjan-aye, Vanderwal-aye, Erickson-aye, Diedrich-aye, Ford-aye. **MOTION CARRIED.** Chair Ford adjourned the meeting at 8:59 PM.

Brookings County Board of Adjustment
July 7, 2020 – 8:00 PM meeting

2020var007 – July 7, 2020

Prepared by Richard Haugen

Applicant: Todd Langland, 48011 US Hwy 14, White, SD 57276

Legal Description: “N750’ of W782’ of NW1/4 NW1/4 Exc Hwy in Section 28, T110N, R48W (Alton Township)”

Article 11.00: Section 11.01 “A” Agricultural District: Area Regulations # 2: Front Yard: The minimum depth of the front yard shall be one hundred (100) feet. A corner lot will have two front yards.”

2020var007: Todd Langland has applied for a variance to build a 16’ x 16’ residential addition 70 feet from the US Hwy 14 right of way, a variance of 30 feet. The required setback is 100 feet from the right of way. US Highway 14 has a 75’ right of way, along the applicant’s property. The applicant was granted a variance on April 1, 2001 to build the residence in current location due the location of an existing driveway and farm buildings. South Dakota Department of Transportation has no objections to the variance request.

Things to consider: location of current residence and farm buildings; the floorplan of the residence limits the area where an addition can be located without a major remodel renovation of the main floor and interior rooms.

Public notices were published in the Brookings Register on June 23 and 30, 2020 and the White Tri-City Star on June 25 and July 2, 2020.

Letters were sent to the adjoining landowner’s, Alton Township Chairman and Clerk.

Brookings County Board of Adjustment
July 7, 2020 – 8:00 PM meeting

2020var008 – July 7, 2020

Prepared by Richard Haugen

Applicant: Amanda Blok, 5025 18th St, Brookings, SD 57006

Land Owner: First Bank and Trust, PO Box 5057, Brookings, SD 57006

Legal Description: "S480' of W474 of SW1/4 of Section 2, T110N, R49W (Aurora Township)" ~ located at 47606 209th St, Aurora, SD 57002.

Article 11.00: Section 11.01 "A" Agricultural District: Area Regulations # 1: Lot Size.

2020var008: Amanda Blok, has a purchase agreement with the landowner subject to the approval of the variance request. The applicant has applied for a variance to build 21 feet outside the permitted buildable area of an historical school site. The site was the original Fountain School built in 1879, 1 square acre site (209' x 209'), located in the south west corner of Section 2 of Aurora Township. The Brookings County Planning Commission confirmed it was an original 1 acre square school site and a permitted use for a single family residence at their November 7, 2017 meeting. The original school 1 acre parcel was sold in 1920 to the adjoining landowner who owned the rest of the southwest quarter. The land was sold several times over the years, hog confinement barns, grain storage and farm buildings were built in the southwest corner. 5.66 acres was split off in 2002 to include the historical school site, hog barns, grain bins and farm buildings. The hog barns were removed from the property and the lot was used for feeding cattle and grain storage.

Some things to consider:

- 1) The 21' variance would allow the expansion of the minimum lot area that was granted by the board on November 7, 2017 for the original size of the lot.

2020var008
Staff Report
July 7, 2020

- 2) The proposed variance the residence will to exceed the setback requirements of 133 feet on the township road (476th Ave) and 150 feet in the county road (209th St).
- 3) What is the best use of the remaining 4.66 acres of land; 1) a residence or ag use (grain storage, livestock production).

Public notices were published in the Brookings Register on June 23 and 30, 2020 and the White Tri-City Star on June 25 and July 2, 2020.

Letters were sent to the adjoining landowner's, Aurora Township Chairman and Clerk, Brookings County Highway Department.

none. Chair Robbins clarified that the area would be going from Agricultural to Commercial/Industrial for a permitted use and called for a roll-call vote: Davis-aye, Nelson-aye, Kleinjan-aye, Erickson-aye, Spence-aye, Jensen-aye, Rochel-aye, Pierce-aye, Robbins-aye. 9-ayes, 0-nays, motion carried. Haugen noted this would move on to the County Commission with a recommendation for final approval.

Chair Robbins read **agenda item # 8: Selection of 1 board member for the Joint Jurisdiction Ordinance Review Committee**. Chair Robbins asked Mr. Hill for his comments. Mr. Hill made the recommendation that Darrell Nelson be appointed to the committee. Chair Robbins appointed Mr. Nelson to the committee. Darrell Nelson accepted.

Chair Robbins read **agenda item # 9: Discussion on 2005cu019 conditional use**. Chair Robbins asked Mr. Hill for his input. Mr. Hill stated, "It was listed on the agenda that had been posted online strictly as 2005cu019 Conditional Use, we did not add anything else to it. Commissioner/County Commissioner Pierce brought it to our attention that she thinks it was not noticed properly and she would like to see it postponed until the next meeting. I would entertain a motion to table it as I presume that would be the proper thing to do, since we did notice that we would be discussing it. If a planning board member so moves to table it until next time we would be more than happy to redo it and put the proper terminology on the agenda." Board member Pierce noted the reason for the request was because the agenda did not say what the conditional use request was related to and citizens had contacted her asking if the item was on the agenda and she had told them it was not. Mr. Hill noted the item had been posted on the online agenda and that a report was ready but the report would be held until next meeting if the item was tabled. Lee Ann Pierce moved to table until the December 5th, 2017 meeting. Robert Rochel second. Chair Robbins called for a voice vote. 9-ayes, 0-nays, motion carried.

Chair Robbins read **agenda item # 10: Discussion on old school site in SW1/4 of Section 2, T110N, R49W (Aurora Township)**. Mr. Haugen stated, "This is regarding an old school site where at one time the Fountain School and a hog confinement unit had been located. The current owner was in this spring inquiring if this was a buildable site. Mr. Hill and I had discussed this and we always went with the last location of where the actual school building/site had been, so we had told them no it was not a buildable site for a residence. The owner hired an attorney that did further research and found in 1879 in this quarter there was a dwelling house, school house and a blacksmith shop. The location was deeded to the school in 1880, a dot noting the school location showed up on 1909 homestead map. A deed dated 1920 deeded from Fountain School to Mr. J.H. Lievan a 1 (one) square acre parcel in the south west corner. Also in 1920 Mr. J.H. Lievan deeded 3 (three) acres in the SE1/4 section 3 the current and last known location of the Fountain School (this location being across the road from the 1 (one) acre site in question). I am asking for your interpretation if this is a buildable site." Mr. Haugen presented deeds referencing the area in question that were filed/dated February 11, 1879, August 3, 1880, and January 19, 1921. The board discussed and decided where there was proof of a deed of record of a school that it be a buildable

site. Site would be a 1 acre by 1 acre site/lot in the south west corner of the SW 1/4, SW1/4 of Section 2, T110N, R49W.

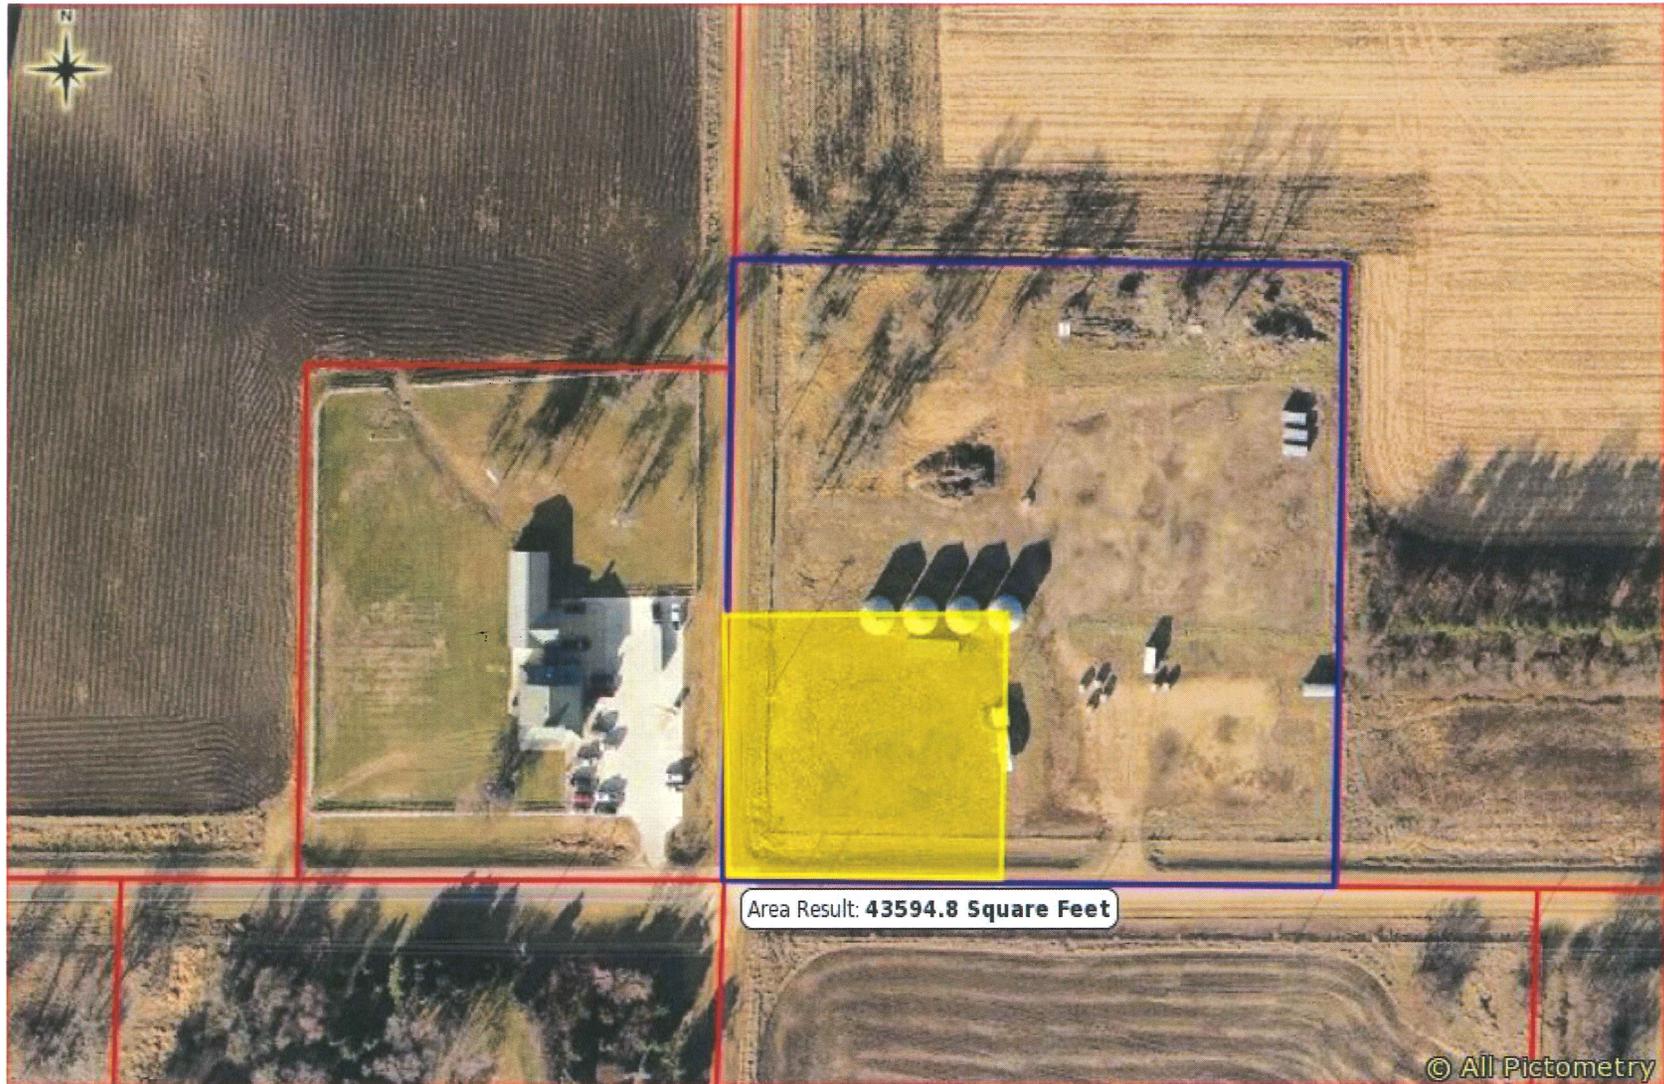

Chair Robbins read **agenda item # 11: Discussion on a used manufactured home as a secondary residence.** Mr. Haugen noted: 1) an applicant had been in the office inquiring about applying for a conditional use for a manufactured home for a family member and the office advised the applicant of the application process. 2) A few days later a transfer notice was received and the applicant came into the office to get a building permit. 3) The office found out manufactured home had been moved onto the site and was a 1973 Liberty Manufactured Home. 4) Current Zoning Ordinance states that anything manufactured before June, 15, 1976 is not allowed in the county. 4) Research was done and wiring for the HUD regulations was the biggest factor found. Board discussed and Chair Robbins summarized by stating, "The board is willing to hear the request for the conditional use and put the stipulations on if there is concerns through the finding of facts on the requirements of the building for safety." Chair Robbins then directed the staff to proceed under the conditions stated.

Chair Robbins read **agenda item # 12: Discussion on Valero Renewables land application of corn and corn processing by products.** Mr. Haugen stated, "Valero had a question regarding disposal, when they clean out their bins or have a load of distillers grain that doesn't meet the new USDA standards and cannot be sold or fed, they need a way to dispose of it. They would like to be able to spread the product onto the land that they own. The product is not hazardous, it is safe and it is biodegradable, it just does not meet standards." The board discussed and consensus was to allow Valero Renewables to proceed with disposing of the non-hazardous material on their own land.

Chair Robbins read **agenda item # 13: Consideration of Plats: a. 2017plat012: "Plat of Lots 7A and 8A Reaves Subdivision of Govt. Lot 4, Section 5, T112N, R52W of the 5th P.M., Brookings County, South Dakota."** Darrell Nelson moved to approve the plat. Randy Jensen second. Chair Robbins opened up for discussion and asked Mr. Haugen for his staff report. Mr. Haugen stated, "Wayne Noem owner of Lots 6 & 7 and Wade Jensen owner of Lot 8 have re-platted their lots for a property line adjustment. They are taking the jog out of the property line between them and making it straight. This allows the Jensen's on Lot 8 to have a wider drive to access their property. The lots were originally platted and recorded on December 30, 1970." Mr. Haugen then used visuals to further describe the plat. Chair Robbins opened up for discussion from the board. Board discussed the current location of buildings, plat adjustment to the current property line and location of a current building being located to close to property lines and the lot being a non-conforming. Chair Robbins then opened up for discussion for the audience, hearing none he asked the board for further questions or comments, hearing none he called for a roll call vote: Nelson-nay, Kleinjan-aye, Erickson-aye, Spence-aye, Jensen-aye, Pierce-aye, Rochel-aye, Davis-aye, Robbins-aye. 8-ayes, 1-nay, motion carried.

Chair Robbins read **agenda item b: 2017plat013: "Plat of South Dakota Soybean Processor's Tracts of 3A & 3B in the NW1/4 of Section 24, T110N, R51W of the 5th P.M., Brookings County, South Dakota."** Lee Ann Pierce

Prepared by Richard Haugen

Applicant: Ryan Hanson, 46461 228th Ave, Rutland, SD 57057

Land Owner: Raymond Vanderwal, 401 N Samara Ave, Volga, SD 57071

Legal Description: "W1/2 SW1/4 Exc N 2 Rods of Sec. 15, T110N, R51W

Brookings County Zoning Ordinance, Article 11:00 "A" Agricultural District – Conditional Use # 26: "The County Zoning Commission may permit other uses which, in its opinion, are not detrimental to other uses and are in the general character of the Agricultural District".

2020cu012: Ryan Hanson has applied for conditional use # 26: "The County Zoning Commission may permit other uses which, in its opinion, are not detrimental to other uses and are in the general character of the Agricultural District" for agricultural seed sales and bulk farm herbicide and insecticide sales with container size not to exceed 275 gallons. Seed sales and sale of bulk herbicide/insecticide will be added to the agricultural section of the ordinance update. The seed sales will start as soon as possible and the sale of bulk herbicide/insecticide would be in the future. No herbicide or insecticide would be mixed for field application on site, this is only for the sale and storage of the product until it is picked up by the customer. This is an agricultural based business in the agricultural district and will be located on US Highway 14 three-quarters of a mile west of Volga. The applicant has visited with the South Dakota Department of Transportation and they have no objections as he will be using an existing driveway. The City of Volga has no objections to the conditional use request. The applicant will need to apply for a license from the South Dakota Department of Agriculture (SD Dept. of Ag) for seed sales/treatment and herbicide/insecticide sales in quantities of up to 275 gallons. The SD Dept. of Ag does not require containment barriers for totes containing up to 275 gallons and no EPA registration is required. The site will consist warehouse/office building, bulk seed bin storage and inside storage. The seed treatment will be done inside the warehouse as seed is sold and then delivered to the customer. The seed will be brought in by semi-trailer and stored in the bulk seed bins or prepacked bulk storage containers. The applicant has a purchase agreement with the

Valley Crop Service

Valley Crop Service is to be a Pioneer Hi-Bred Int'l seed dealership west of Volga on Hwy 14. Services will include seed sales, warehouse, and seed treatment facilities. There will be one building on the property for the foreseeable future. The building will consist of indoor seed treatment loading and unloading. There will be two overhead doors that customers and I will be able to drive straight through the building so there is less impact from the weather and for ease of access. All treating equipment, treatments, and conveyors will operate indoors. Down the road there will be bulk seed bins placed on the west end outside of the shed. They will be filled in the spring and any seed not used will be loaded out by the end of the planting season. The warehouse will take up most of the space within the building. Seed will be delivered in hard side boxes and bags by truck. The east end of the building will be office and meeting space. The lower level will be offices, storage room, bathroom, and kitchen. There will be an upper level to the east end that will be an open area for when I hold meetings.

There will be two people with offices in this building myself and another seed salesman. There will be a possible second person there seasonally for help as needed. Hours of operation will generally be from 8-5 during the off season and longer during the peak times of the agriculture industry, from April to June and also from September to November. Those hours will largely depend on the planting and harvesting seasons and what the weather allows.

During peak season in the spring I would expect 2-8 trucks weekly delivering seed to the warehouse. Most of deliveries are done by me and other salesman. There will be some customers that prefer to pick up their own seed as needed. There will be very little truck traffic after June as all the seed is delivered and boxes/pallets are returned. On a daily basis throughout the year I would only expect around 3-5 customers a day visiting the location, so traffic should be minimal.

Day to day operations would be office work and sales meeting from harvest until planting season. Deliveries of seed to the warehouse start after the first of the year as seed becomes available. Deliveries to customers start the end of March into April depending on if they can store their own seed. After planting season it will mostly be customer visits and office work being done. During the harvest season the main focus is to be out with customers checking on results in the field.
