2020CU017

Application by Thomas A. Davis for a conditional use. Article 11: Section 11.01: “A” Agricultural District: Conditional Use Permit # 5A: Rock Crushers. The property is described as: “E1/2 NE1/4, SW1/4 NE1/4, SE1/4 NW1/4 of Section 4, T110N, R48W (Alton Township)”.

(Diedrich/Vanderwal) Motion to approve the Conditional Use.

STAFF REPORT: Applicant is requesting a conditional use #5A: Rock Crushers to process mined gravel. The conditional use (2020cu001) to mine gravel on the site was approved by the Board of Adjustment on February 4, 2020. No material will be allowed to be brought in to be crushed. Tom Sterzinger from Taunton, Minnesota will be the crushing operator. Haul route reviewed to be entrance/exit off 480th Ave and north to/south from 207th Street. Report given noted the operator’s site plan, business plan and reclamation plan. East Dakota Water Development District had reviewed the application

and documents provided by the applicant and the mine operator. Public notices were published in the Brookings Register on August 18 and 25, 2020 and the White Tri-City Star and Elkton Record on August 20 and 27, 2020.

PUBLIC HEARING: Applicant Tom Davis had nothing more to add.

Proponents: Tom Sterzinger, Crushing operator clarified that the application was for crushing not about traffic. He described the crushing process noting the process would last 3-5 weeks, dust and noise should not be a problem as would 1,000-1,500 away, and permits had been acquired by the State of South Dakota for mining. He noted concern if emergency vehicles would be needed and no admittance was allowed to the south. He asked that emergency vehicles would be allowed from the south, not for a haul route.

Opponents: Mary Bowne via telephone noted concern of entrance and exit and wanted it noted to only be one entrance and exit to the pit for mining or crushing and all traffic would go north. And cement barricades and guard rails added so that trucks could not turn south from the pit. Also wanted it noted an addendum was being added to the road agreement. She further noted that she had talked to SDDOT that as long as appropriate signage there would not be an issue with getting emergency access to the site. Aaron Bowne noted concern with county road 25 and recent number of accidents and the addition of more traffic.

DISCUSSION: Diedrich asked applicant if road agreements were signed. Davis note he had road agreements with Alton and Sherman Townships and was in the process of engineering the steep hill to the north to be cut from the current 17% to 6-7% grade to make safer and wider for traffic in the area. Bartley commented: 1) in regards to emergency vehicles, you notify dispatch (911) of your location and a plan would be filed for access. He asked crushing operator if no access from the south would be an issue. Sterzinger noted that all access would be from the North. Ford reiterated emergency route plans needed to be given to 911 dispatch. Findings of Facts were reviewed and completed by the board and placed on file.

VOTE: Erickson-aye, Bartley-aye, McHugh-aye, Kleinjan-aye, Vanderwal-aye, Spence-aye, Jensen-aye, Ford-aye. **MOTION CARRIED.**

Davis returned to the Commission.

building, storage shed. A proposed permanent 64 feet x 120 feet event hall would be constructed on the site in 2-3 years. VOTE: Jensen-aye, Erickson-aye, Bartley-aye, McHugh-aye, Davis-aye, Kleinjan-aye, Vanderwal-aye, Spence-aye, Ford-aye. **MOTION CARRIED.**

Article 11.00: Section 11.01 "A" Agricultural District: Area Regulation # 2: Front Yard: The minimum depth of the front yard shall be one hundred (100) feet. A corner lot will have two front yards. The property is described as: "NW1/4 NW1/4 NW1/4 of Section 14, T110N, R51W (Volga Township)" ~~ located at 1206 N. Samara Ave, Volga, SD 57071.

(Kleinjan/Bartley) Motion to approve the Variance request.

STAFF REPORT: Applicant is requesting a variance to move in a used residence, 120 feet from the center of Samara Ave (464th Ave), a variance of 30 feet. The existing house will be removed and is 111 feet from the center of the road. Consideration or hardships are the shape and size of the farm yard and location of the existing well. The applicant has all the adjoining landowner signatures that are required to move in a used house onto the property. Public notices were published in the Brookings Register on August 18 and 25, 2020 and in the Volga Tribune on August 20 and 27, 2020.

PUBLIC HEARING: Applicant Dave Vanderwal informed those present due to the location of the existing well the setback couldn't be met and that the structure could possibly be placed more than 120 feet from the center of the road but exact measurement could not be determined until the old house was gone from the location.

Proponents: None.

Opponents: None.

September 1, 2020

Meeting Minutes DRAFT

DISCUSSION: Board members had no questions or comments regarding the request. Findings of Facts were reviewed and completed by the board and placed on file.

Vanderwal returned to the Commission.

2020VAR012

Application by Matthew Lounsbery for a variance. Article IV District Requirements: Chapter 4.03 "LP" Lake-Park District: Section 4.03.03. Density, Area and Yard Regulation (Minimum Lake Front). The property is described as: "Lot 10 & W½ Lot 11 in Bortnem Beach Addition of Govt Lots 3 and 4 in Section 32, T109N, R50W (Medary Township)" ~~ located at 8948 Bortnem Beach Rd, Volga, SD 57071.

(Davis/Vanderwal) Motion to approve the Variance request.

STAFF REPORT: Applicant is requesting a variance to build a 10 feet x 23 feet deck with support post 17 feet from the highest know water mark, a variance of 58 feet. Originally the applicant was asking for a 56 feet variance with posts at 19 feet but the applicant decided to change post location. The deck would be in line with other structures along the lake and will not obstruct the view along the lake. The cabin was built in 2003 and a variance was granted to the previous owner. Consideration or hardships are that the Bortnem Beach Subdivision was platted on June 17, 1961 and shape and size of the lot. Public notices were published in the Brookings Register on August 18 and 25, 2020 and in the Volga Tribune on August 20 and 27, 2020.

PUBLIC HEARING: Applicant Matthew Lounsbery informed those present he wanted to put a 10 feet deck on his house for visual and lake access.

Proponents: None.

Opponents: None.

DISCUSSION: Davis asked the applicant had any ice issues in the past. Lounsbery noted he had recently purchased the property and was not aware of any issues. Haugen noted there was roughly a 4 feet elevation difference from the shore to the top of the ridge where the riprap was and the lower level was a garage area. The house area was on the second floor of the structure.

VOTE: McHugh-aye, Davis-aye, Kleinjan-aye, Vanderwal-aye, Spence-aye, Jensen-aye, Erickson-aye, Bartley-aye, Ford-aye. **MOTION CARRIED.**

Side Yard). The property is described as: "Lot 1 Charles Cove Addition in the SW1/4 of Section 22, T112N, R47W (Lake Hendricks Township)" ~~ located at 751 E Lake Hendricks Dr, Hendricks, MN 56136.

(Vanderwal/Spence) Motion to approve the Variance request.

STAFF REPORT: Applicant was requesting a variance to build a 24 feet x 27 feet garage with a 9 feet sidewall, 4 feet from the side property line, a variance of 4 feet. The proposed garage would be attached to the 20 feet x 20 feet existing garage. Considerations or hardships are the location of existing buildings and Charlie's Cove was platted on April 2, 1976. Public notices were published in the Brookings Register on August 18 and 25, 2020.

PUBLIC HEARING: Applicant Loren Hacker informed those present property was on a hill and water runs into the current shed due to run off. He will try to put in drainage at the same time as building proposed garage to alleviate run-off issues.

Proponents: None.

Opponents: None.

DISCUSSION: Muller was consulted for input and asked for the width of area where structure to be build. Haugen noted lot was 60 feet wide x 250 feet long and proposed south edge of proposed structure would be about 28 feet from the property line. Ford discussed other possible locations for the structure on the lot. Hacker noted the Basketball court cement was too thin and would need to all be removed and re-poured to build structure on other end of the existing building and the side variance would still be needed. Kleinjan asked applicant if neighbors had any concerns. Hacker noted that no one had contacted him with concerns. Ford noted he did not see a hardship in placing the structure on the area where the basketball court was vs. the proposed location.

VOTE: Kleinjan-aye, Vanderwal-aye, Spence-aye, Jensen-aye, Erickson-aye, Bartley-aye, McHugh-aye, Davis-aye, Ford-nay. **MOTION CARRIED.**

Applicant/Owner: Brad Dahl,

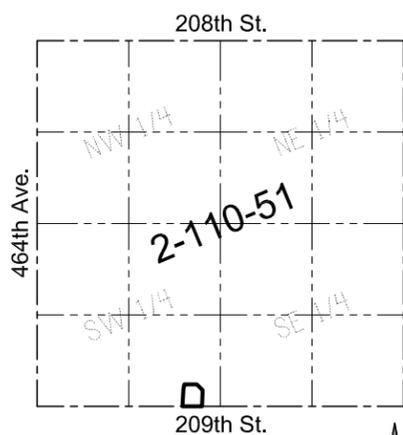

Legal Description: “Plat of Lot 1 of Dahl Addition in the SW1/4 of Section 2, T110N, R51W of the 5th P.M., Brookings County, South Dakota.”

2020plat021: Brad Dahl, is platting off 1.9 acres of an existing building site, for a property line adjustment, as it is already deeded off with a footage description. The property line adjustment will include more of the shelterbelt and less of the farm ground, thus creating the odd shape that cannot be described with a footage description. They will use the existing driveway on 209th St for access to the property.

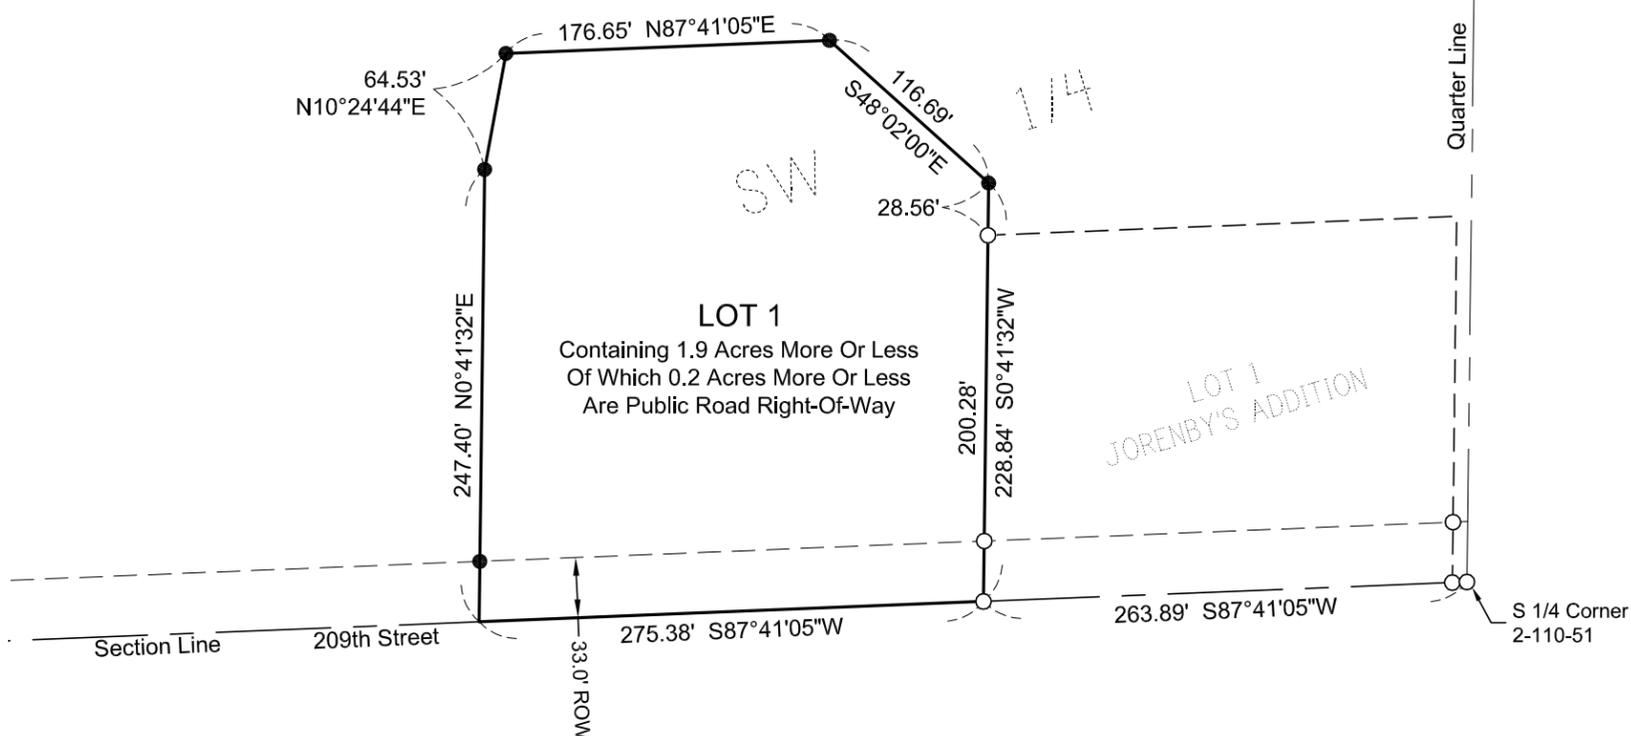

The plat meets the platting requirements for the 2016 Comprehensive Plan-Unincorporated Rural Area Land Use statement on page 24 for Agricultural Land Use.

Prepared by Richard Haugen

Applicant/Owner: Michael Moe, 2421 S Glendale Ave, Sioux Falls, SD 57105

Site: 7 Oakwood Shoreline Dr, Bruce, SD 57220

Legal Description: “Lot 7 of DeBoer’s Lake Tetonkaha Subdivision in Govt Lots 5 & 6 of the SE1/4 of Section 7, T111N, R51W (Oakwood Township)”~~ located at 7 Oakwood Shoreline Dr, Bruce, SD 57220.

Brookings County Zoning Ordinance: Article IV District Requirements: Chapter 4.03 “LP” Lake-Park District: Section 4.03.03. Density, Area and Yard Regulation (Minimum Lake Front and Minimum Side Yard). The Lake Park – Lake Front setbacks are 75 feet from the highest known watermark; Lake Front side setbacks are 8 feet.

2020var018: Michael Moe by Shawn Knapp has applied for a variance to build a new 36’ wide x 29’ long house with an 21’ x 26’ attached garage 32 feet from the highest known water mark and 5 feet from the side property line. A variance of 43 feet from the highest known water mark and a variance of 3 feet from the side property line. The Lake Park – Lake Front setbacks are 75 feet from the high water mark and 8 feet from the side property line. The current 16’ x 24’ cabin was built in 1960 and will be removed.

Things to consider: 1) DeBoer’s Lake Tetonkaha Subdivision was originally platted on October 30, 1984 and re-platted on October 10, 2002; 2) Shape and size of lot, the lot is 49.8 feet wide at the road and 42.7 feet wide at the lake side, (pie shaped).

The “Brookings County Comprehensive - Plan Future Land Use-Developed Lakes Future Land Use” found on page 58 –*In paragraph two: “It is likely that the established developed areas of Lake Campbell, Lake Hendricks, Lake Tetonkaha, and Lake Poinsett will experience continued development in varying degrees. While non-lake front growth potential exists for all of the able lakes; significant lake front area is appropriately zoned, and subdivided in some cases, adjacent to Lake Tetonkaha, Lake Hendricks, and Lake Campbell.”*

Brookings County Board of Adjustment

October 6, 2020 – 8:00 PM meeting

2020cu020 – October 6, 2020

Prepared by Richard Haugen,

Applicant/Owner: Kristen Witchey, 3113 34th Ave, Brookings, SD 57006

Legal Description: "OL 1 in SE1/4 SE1/4 and Lot 4 of Lots 1,2,3 and 4 of Barnett's Subdivision of the SE1/4 Sec. 7, T110N, R49W (Aurora Township)."

Brookings Joint Jurisdiction Area: Article IV: Agricultural, Residential and Floodplain and Aquifer Districts. Section 405: "A" Agricultural District, Section 408: Special Exception # 18: Extended home occupations: and Brookings County Zoning Ordinance: Article 11: Section 11.01: "A" Agricultural District: Conditional Use Permit # 20: Home extended business."

2020cu020: Kristen Witchey has applied for a conditional use for an extended home business for dog kennel to board dogs. The property consists of 1.7 acres with a house, pole shed, detached garage and a fenced yard. They are located within the Joint Jurisdiction area north of the US Highway 14 By-pass at the intersection of 34th Avenue and 30th Street. 34th Ave runs on the east side of the Swiftel Center and 30th Street goes to the landfill, both are blacktop roads. Their business plan is attached and plan to start with weekend boarding and expand if the demand is there to a maximum number of 30 at any one time. The kennels will be located inside an insulated pole shed, with a fenced yard with lockable gates for the exercise area. They will have designated drop off and pick up times, so not everyone is there at the same time. The drop off point will be there existing driveway and yard, but could also use 30th St S which is to a gravel road to the south of their house, if parking becomes an issue. The City of Brookings Planning and Zoning Department was advised of the conditional use application and has no objections to the conditional use request. The applicant has spoken with her neighbors to the north of them and they have no objections to the request. She will continue to try to contact her neighbors to the west, about her conditional use request.

Public notices were published in the Brookings Register on September 22 and 29, 2020.

Letters were sent to the adjoining landowner's, Aurora Township Chairman and Clerk, Brookings County Highway Department.

BUSINESS PLAN: Kristen and Greg Withey would like to open a dog boarding business with a dba Canine Corner. No breeding will be done at this business.

ADDRESS: 3113 34th Ave, Brookings, SD 57006

PURPOSE: The primary purpose of this business is boarding/daycare and socialization of dogs. Initially, we would like to start small and primarily focus on weekend boarding. As we would grow and add additional kennels – the max number of dogs at one time would be 30.

FACILITY: We have a large pole shed that is climate controlled as well as an unattached garage that could be used for future growth. We plan to set up kennels in our pole shed to house the dogs. We have a large fenced in yard with lockable gates to protect the dogs during outdoor playtime. Playtime would be supervised. Specific drop off/pick up times will be set. If additional kennel space is needed in the future – we would renovate our unattached garage to be kennel space. If barking/noise became an issue, we could limit the number of dogs in the yard at a time.

MAINTANENCE: To accommodate the increase of traffic on our road, we have the gravel in front of our house sprayed for dust control. Lawn and yard care will continue and snow removal equipment is also available. Dog waste will be removed from the yard several times per day and dumpster service is on site. Kennels will be cleaned/sanitized daily.

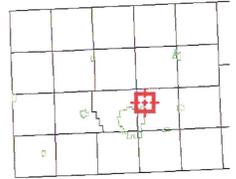

BOARDING REQUIREMENTS: We will have a contract and owners will need to provide proof of pet being up to date on all vaccinations. Owners will also be required to provide veterinarian information. In case of an emergency, we also have a good relationship with our own vet and will notify them when we move forward. Owners will also be required to provide info on an alternate person that can pick up their pet if an emergency were to occur.

Due to COVID-19 concerns, we have not yet spoken with all of our neighbors. I did speak with Joe Ripley (who lives just to the North of me) and he said that he had no problem with us having a dog boarding business. I will work on getting ahold of Dan and Dorinda Rauscher also.
