

# Hello

nice place you have here.

**JLG** DESIGN FOR LIFE

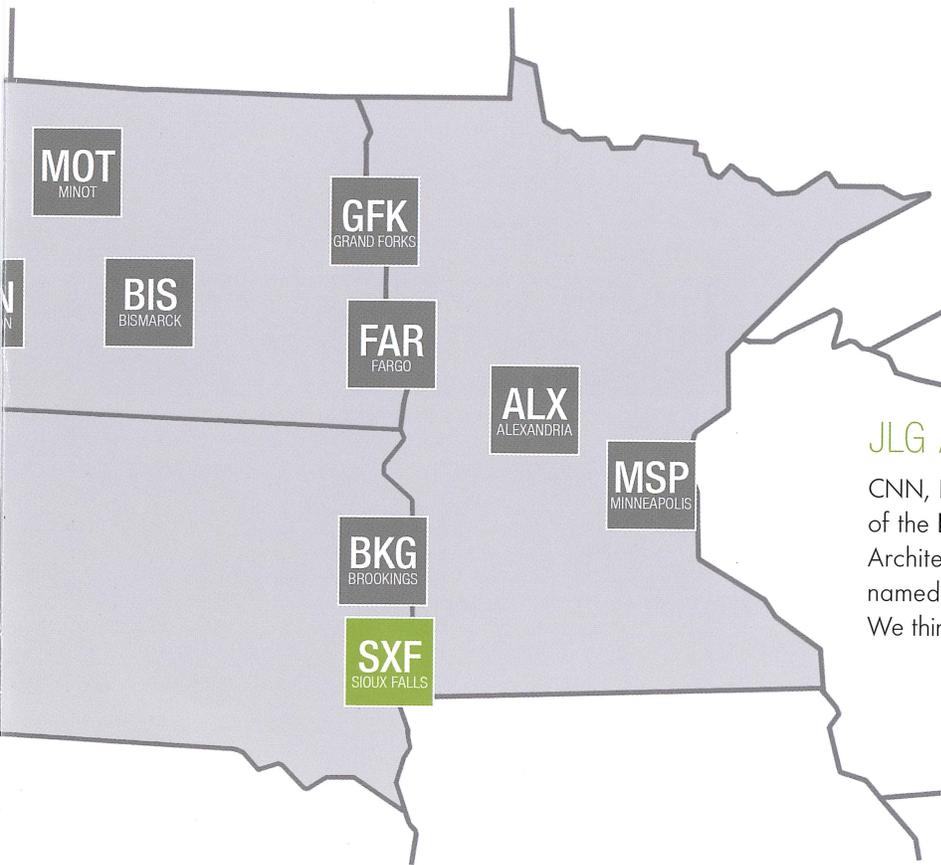

## DAVID VAN NIEUWENHUYZEN AIA

As Market Leader of JLG's Sioux Falls office, Dave has spent the last two decades professionally fueling his lifelong passion for great architecture, relationship building, and community involvement - in other words, Dave designs for life. Dave grew up in Pipestone, MN, and holds both a Bachelor of Architecture degree and a Bachelor of Science in Environmental Design from North Dakota State University. Dave has lived and worked in Sioux Falls since 1999, and his past 15 years as Director of Architecture for Fiegen Construction had him responsible for all aspects of architecture ranging from initial design presentation to construction management and budget control. Dave and his wife, Dawn, have three children in the Harrisburg School District, and Dave loves attending his kids' activities, participating and leading at his church, boating in the summer months, and just spending time with his family. Dave recently served as President of the American Institute of Architects South Dakota chapter, and previously spent 9 years on the City of Sioux Falls Zoning Board of Adjustments. He currently serves as Chairman of the Sioux Falls Building Code Board of Appeals.

## JLG ARCHITECTS IS NOW IN SIOUX FALLS.

CNN, Forbes and Time Magazine have named Sioux Falls one of the **best places to live** in the United States. Inc. Magazine, Architectural Record, and Building Design+Construction have named JLG one of the **top architecture firms** in the nation. We think this is the beginning of a beautiful relationship.
