NAME / ADDRESS
County Auditor 314 6th. Av. Brookings, SD. 57006

DESCRIPTION	QTY	AMOUNT	TOTAL
Proposed changes for County Shop in Sinia.			
Add 4 ceiling lights between overhead door bays and wiring for 1 ceiling fan. wiring for fan only. fan and 4 additional lights on separate switches. Currently the lights are in the center of each bay, when equipment is inside there will not be enough lighting. This item is requested by highway department comparing the Bruce and White shops.		865.00	865.00T
Connect interior electrical panel to exterior meter loop on pole. specifications state that utilities to be to the exterior of building. Owner to connect from there.		355.00	355.00T
As there is no pipe bollards on the plan on the sides of overhead garage, I would suggest adding 1 on each side.	4	150.00	600.00T
upgrade R value in garage doors and steel inside, outside of garage doors (sandwiched). add 4 24"x12" windows in one panel on each door. upgrade operator.	2	700.00	1,400.00T
90 yards of gravel was figured in bid. As stated on attachment in my bid there was no benchmark elevation set for the building, so it was impossible to determine amount of fill needed. This amount is for additional fill obtained over 90 yards.	77	12.58	968.66T
I recommend to upgrade insulation in attic from R-30 as stated in plans to R-50. R-30 is minimum for code and I would highly recommend this upgrade.		684.00	684.00T
As requested by highway department to move water pit and install water line from new pit to building. this has been completed.		1,500.00	1,500.00T
If you have any question you may call me at 605-690-6145 Randy South Dakota, state excise tax		2.041%	130.07

The bid prices, specifications, plans and conditions are satisfactory and accepted as specified. You are authorized to do the work as specified.

TOTAL	\$6,502.73
