Subject: December 6 P&Z Meeting

Good Morning,

I was asked to send you some of the pictures from the dairy at Bruce SD.
Where manure spills and over application is a daily routine.

This is in advance of the meeting Dec 6 where Killeskillen is seeking a conditional use permit to build a dairy in Brookings Co.

As in the past Brookings co is in the middle of this. We in Brookings co as residents and tax payers strongly oppose this dairy because of its location and the risk it adds to Lake Hendricks.

Thanks,
