

Department Head Report

September 25, 2018

- September 4, 2018 visited with Steve Wicks about water problems in Medary Township.
- September 5, 2018 Pre-Construction meeting for the Highway 77 rumble strip safety project. Contractor will be starting on September 24, 2018. Sent pictures to Northern Truck in Sioux Falls to show how the controls in the new truck should be mounted.
- September 6, 2018 checked on township culvert projects. Very little done.
- September 10, 2018 Road inspection with Trevor of the Wind tower project, where the approaches will be located for their project. All approach sites were located in acceptable locations. Went to True North Steel to pick up bridge shoes for the bridge on Highway 16.
- September 11, 2018 crew started chip sealing for 2018.
- September 12, 2018 talked to Brad Wermers of Banner and Associates about 34th Ave.
- September 13, 2018 picked up extra materials from the bridge project on highway 16. The project is done and the bridge can now handle legal loads.
- September 14, 2018 Crew fog sealed 213th street and 34th Ave.
- September 17, 2018 looked at the site for a driveway approach on 459th Ave. Had an exit interview with Mike Scott who is the mechanic.
- September 18, 2018 Mitch Lang transferred from the Weed Dept. to the Highway Dept. for the winter months. Jeff Anderson and I met with Colin and Doug from Banner to look over the deck replacement job on highway 16 and the river bridge repair done on highway 16 south west of Brookings.
- September 19, 2018 went to check on township culvert projects. Oaklake and Winsor are done. Oslo is not done. The person who purchased the CAT Loader on the auction picked it up.
