

June 27, 2019 thru July 16, 2019

### **Highway**

- July 08, 2019 the SDDOT informed the Highway Dept. Prahm Construction will not be returning the bridges south on Brookings County Highway 77 until dropped down below major flood stage. The contractor has assured the SDDOT that when the levels drop they will return as soon as possible to resume work. Please keep in consideration the contractor is several weeks behind already so the recent rains will continue to push back their timeline.
- July 09, 2019 Brookings County received varying amounts of rain which caused only one of our roads Brookings County road 40 to be closed due to water over topping the roads for extended period of time, June 10, 2019 Brookings County road 40 was re-opened.
- July 10, 2019 Deer Creek Station bridge or Brookings County Structure #06-280-116, Grave's Construction continues to work on the bridge abutments and placing the final rip rap.
- July 11, 2019 US Highway 81 was closed off due to the Twin Lakes flooding of the highway, the SDDOT set up road closures at State Highway 34 and US Highway 14 and are sending travelers on a 36 mile detour, but many motorists trucks included are detouring on to Brookings County roads 11 & 12 near Sinia, SD.
- July 12, 2019 a land owner breached a low land area inundated with water and the rush of water overtopped Brookings County road 12, the Highway Department temporarily closed the road down due to the flooding the Planning and Zoning or Sherriff might have more to add to this topic.
- July 17, 2019 attended South Dakota LTAP Equipment and Product Demo Day in Canton, SD.
