Jordan Luze called the office to note opposition to the Tom Davis applications – 2020cu001 & 2020cu002.

He noted concern for: 1) Safety for the south bound traffic. 2) Safety for his children, noting they were also home schooled. He operates a Class C CAFO on the road (480<sup>th</sup> Ave) and was concerned for possibility of being wrongly accused for road damage(s).

He stated, “He was for all for the pit but concerned with the traffic of the pit & going by CAFO’s (his and neighbor’s) – Hard to manage and police who is responsible should damage occur.”
