

Policy for Appointments to
Boards, Commissions and Committees

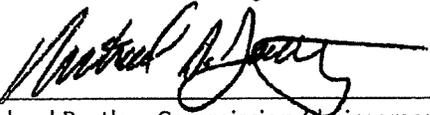

The Brookings County Commission appoints citizens to the following boards, commissions, and committees:

Planning & Zoning Commission
Extension Board
Weed & Pest Board
Brookings Health System Board of Trustees
4-H Promotion & Expansion Committee
Brookings County Outdoor Adventure Center Advisory Board
Joint Jurisdiction Committee
First District Planning Board
Housing & Redevelopment Commission
Human Rights Commission

It is the policy of the Commission to advertise all positions that are at the end of a term or become vacant due to a resignation. The initial advertisement is posted for a minimum two (2) weeks. If there are no applications received, the position(s) will be re-advertised for an additional 10-14 days. If no applications are received after the second advertisement, the Commission can make an appointment whenever an application is received.

Most terms end on December 31st with the exception of the Extension Board, which ends January 9th. Advertising for end-of-term appointments starts in October each year with the Commission making the appointments in November to allow for time to get new appointees on-boarded. Mid-term vacancies will be advertised in the same manner noted above, but at the time the vacancy occurs.

Approved this 16th day JUNE, 2020

Michael Bartley, Commission Chairperson
Brookings County Commission
